

THE ORIGINAL AND BEST JOINERY REPAIR SYSTEM

CPD SEMINAR

Whether it is on a listed building, commercial premises or a domestic property, it is now possible to save existing joinery at a fraction of the cost of replacement.

Repair Care International (formerly Window Care Systems) has been providing repair solutions for specifiers, local authorities and building owners for over 20 years.

As part of our service, we can arrange a free CPD seminar at your premises. The informative session includes a technical presentation covering the following topics:

- The principle causes of timber decay
- Why traditional repairs fail
- Repairs and Working Methods
- Preventative Maintenance
- Costing and Specifying Spreadsheet
- Cost saving projects

The technical presentation will be followed by a practical demonstration focusing on retaining as much of the original joinery as possible, minimising disruption during the works and improving paint durability. All products used are solvent-free and virtually odourless.

Here are just some of the reasons why our clients continue to specify and use our products.

Repair Care is the **ONLY** manufacturer to offer this unrivalled package of benefits:

- **Full on-site technical support** - from our team of Technical Advisors with a combined experience of over 45 years.
- **Nationwide assistance** - from specification to supply and application monitoring from your local Technical Advisor, we are always there - **fast and local**.
- **Fully tested** - rigorous independent testing across Europe ensures that DRY FLEX® products are the best available.
- **Constant innovation** - with an extensive research and development facility, our products are being continually improved to meet your growing demands.
- **'Watertight' 10 year guarantee** - a full system guarantee provides comprehensive cover for the complete repair, including the adhesion of the first primer coat of the paint system*.
- **Environmentally responsible repairs.**

To arrange a CPD seminar, call us on 01827 302 517, e-mail salesuk@repair-care.com, or complete the following form and fax to 01827 65 177.
